## WHAT'S ON WARNS YOU

### ABOUT SAVITA BHABHI'S DISGUSTING ANTICS

If you're still wondering who she is, you're either new to cyberspace, or to the world of erotica. Launched a couple of months ago under the copyright, Indian Porn Empire 2008, Savitabhabhi.com is a website that aims to immortalise the creator's "hot Indian bhabhi", as "India's first porn toon star". Surf through the site, and you'll see that the cartoon "strips" are crude, to the point of being disgusting — and we aren't exactly prudes. Nympho bhabhi seduces any creature that moves, into performing convoluted Kamasutra manoeuvres, including cricket-playing teenagers, and herself (masturbation, ahoy!). We're sure the site has its audience, but a subtle, witty, classy tease would've had wider appeal. For the discerning, this perpetually-in-heat act makes for unintentional humour, at best; at worst, it will make you want to retch.
